**VIA HAND DELIVERY**

David Catanach  
Oil Conservation Division  
New Mexico Department of Energy,  
Minerals and Natural Resources  
1220 South Saint Francis Drive  
Santa Fe, New Mexico 87505

**Re: Application of RKI Exploration & Production, LLC for administrative approval of a 160-acre non-standard spacing and proration unit in the SE/4 of Section 4, Township 26 South, Range 30 East, NMPM, Eddy County, New Mexico.**

Dear Mr. Catanach:

Pursuant to Rule 3 of the Special Rules for the Purple Sage-Wolfcamp Gas Pool and NMAC 19.15.15.11.B(2), RKI Exploration & Production, LLC ("RKI") (OGRID 246289) seeks administrative approval of a 160-acre non-standard spacing and proration unit comprised of the SE/4 of Section 4, Township 26 South, Range 30 East, NMPM, Eddy County, New Mexico. The proposed non-standard spacing and proration unit will be combined with a standard 320-acre spacing unit in the E/2 of Section 9 to form a 480-acre project area dedicated the following horizontal wells:

- Tucker Draw 9-4 Fed Com No. 1H
- Tucker Draw 9-4 Fed Com No. 2H
- Tucker Draw 9-4 Fed Com No. 3H
- Tucker Draw 9-4 Fed Com No. 4H
- Tucker Draw 9-4 Fed Com No. 5H
- Tucker Draw 9-4 Fed Com No. 6H
- Tucker Draw 9-4 Fed Com No. 7H

These wells will develop the Wolfcamp formation (Purple Sage; Wolfcamp Gas Pool (98220)). Pursuant to the Special Rules for the Purple Sage-Wolfcamp Gas Pool, set forth in Order No. R-14262, wells within the Purple Sage Pool must be spaced on 320-acres. Rule 3 of the Special Rules for Order R-14262 permit exceptions as allowed in Division rules. The Division rule 19.15.15.11.B(2) authorizes administrative approval of non-standard spacing units when the non-standard spacing unit consists of a single quarter-quarter section or lot or quarter-quarter sections or lots joined by a common side and the non-standard spacing unit lies wholly within a

HOLLAND & HART<sup>LLP</sup>

single half section if the well is in a pool for which 320 acres is the standard spacing unit size. The proposed non-standard spacing unit consists of adjoining units and is located wholly within a single half-section.

RKI seeks approval of this non-standard spacing unit to most efficiently develop the Wolfcamp in this area. All interest owners within the proposed 480-acre project area, include the proposed non-standard spacing unit, have previously been made aware of RKI's development plan.

**Exhibit A** is a copy of the Well Location and Acreage Dedication Plat (Form C-102) for the seven proposed wells.

**Exhibit B** is a copy showing the proposed wells and the proposed spacing unit in the SE/4 of Section 4 and the E/2 of Section 9. Tracts 1 and 2 are the area affected by the administrative application. The working interest owners, royalty owner, and overriding royalty owners in Tracts 1 and 2 have been provided notice of this application.

**Exhibit C** is a list of parties in Tracts 1 and 2. A copy of this application with all attachments has been sent by certified mail to each affected party advising them that if they have an objection it must be filed in writing with the division within 20 days from the date the division receives this application. A courtesy copy of this application has also been provided to the Bureau of Land Management-Carlsbad.

Your attention to this matter is appreciated.

Sincerely,

Jordan L. Kessler

**Re: Application of RKI Exploration & Production, LLC for administrative approval of a 160-acre non-standard spacing and proration unit in the SE/4 of Section 4, Township 26 South, Range 30 East, NMPM, Eddy County, New Mexico.**

Ladies and Gentlemen:

Enclosed is a copy of the above-referenced application which was filed with the New Mexico Oil Conservation Division on this date. Any objection to this application must be filed in writing within twenty days from this date with the applicant and the New Mexico Oil Conservation Division, 1220 South St. Francis Drive, Santa Fe, New Mexico, 87505. If no objection is received within this twenty-day period, this application may be approved administratively by the Division.

If you have any questions about this application, please contact the following:

Aaron Young  
RKI Exploration and Production  
(539) 573-3531
