**RE: Administrative Order SWD-1636; First Extension of Deadline to Commence Injection**

Cypress SWD Well No. 1 (API 30-015-43867)

Unit L, Sec 34, T23S, R29E, NMPM, Eddy County, New Mexico

Order Date: July 15, 2016

Injection into Devonian and Silurian formations; permitted interval: approximately 16470 feet to approximately 17975 feet

Dear Ms. Wilson:

Reference is made to your request on behalf of Mesquite SWD, Inc. (the "operator") to extend the deadline stipulated in order SWD-1636 based upon the approval date of July 15, 2016, to commence injection for the above referenced well for an additional one year for reasons outlined in the attached correspondence.

It is the Division's understanding from your request that there have been no significant changes in the information provided in the application submitted for review and approval of this order. The additional evaluation for the extension included a review for the completion of new wells within the Area of Review that penetrated the approved injection interval and any changes in ownership of affected persons notified for the original application.

The Division finds that granting this request to extend this administrative order is in the interest of conservation, will prevent waste, and will protect the environment.

The deadline to commence injection for the existing order is hereby extended until July 15, 2019. All requirements of the above referenced administrative order and agreements in the application remain in full force and effect.

SWD-1636: First Extension of Deadline to Commence Injection

Mesquite SWD, Inc.

Re: Request for Permit Approval Extension  
C-108 Authorization to Inject (Order SWD-1636)  
Approved July 15, 2018  
Amended December 7, 2017 under R-14392-A  
Cypress SWD #1  
Township 23 South, Range 29 East, N.M.P.M.  
Section 34: 1590' FSL & 165' FWL  
Eddy County, NM

Dear Mr. Goetze:

Mesquite SWD, Inc. respectfully requests administrative approval for a one year extension of the approved C-108 authorization to inject for the above referenced well.

We have a rig scheduled to spud this well on May 15, 2018. We are asking for one year in order to be covered should we have unexpected delays or complications in drilling and completing the well.

There have been no wells drilled within the area of review that penetrate the injection formation, nor any ownership or operator changes requiring additional notice since the amended order was issued.

Please contact me at 575-914-1461 if you need further information.

Thank you for your consideration of this request.

Sincerely,

*Melanie J. Wilson*
