Subject: Notification of Protest for Application to Inject: Glacier Federal SWD #1 _ MRC Permian Company and Matador Production Company

RE: Glacier Federal SWD #1 (API 30-015-Pending; Admin. Appl. No pDM1926960462) 659' FNL & 250' FEL Sec 8, T26S, R31E Eddy County, NM

Mr. Fisher,

The OCD was notified by the MRC Permian Company and Matador Production Companies that they are protesting this application. This parties have been identified as affected persons for the location being considered. Because of the protest, the application can no longer be reviewed administratively. You are being notified that for this application to be considered, Permian Oilfield Partners, LLC. currently has two options; the first is to go to hearing, the second is to negotiate a resolution with the protesting party. If the protest is withdrawn, then the application can be reviewed administratively. In the meantime, the application will be retained pending a hearing or other resolution. Please continue to provide OCD with information regarding the standing of this application and feel free to call me with any questions.

Subject: RE: Matador - Protest of the Glacier Federal SWD #1

Kyle,

Thanks for the additional information. On the OCD's end, the protest was received 16 days after the application had been considered administratively complete, and was therefore considered invalid. However, because of the date that Matador initially received notice, the protest does appear to be timely. The Division will go ahead and recognize the protest. I will notice Permian Oilfield Partners of the protest shortly.

Regards,

Dylan Rose-Coss

Subject: [EXT] RE: Matador - Protest of the Glacier Federal SWD #1

Dylan,

Thank you for your email. Attached is a copy of the notice we received from Permian Oilfield Partners, which we received on September 27. The letter advises that if we had an objection, notification should be given to the NMOCD within 15 days "of receipt of this letter," which Matador did on October 11 (the 14th day after receipt of the letter). Accordingly, we respectfully request that the Division recognize our objection as timely because we complied with the notice that was provided by the applicant. To the extent the time period provided in the notice was incorrect, then

Matador contends the notice was flawed and that its objection should also be recognized as timely because of an insufficient notice.

Thank you for your consideration.

****EXTERNAL EMAIL****

Kyle,

The OCD has received the protest filed by MRC Permian and Matador Production Companies for the application filed by the Permian Oilfield Partners, LLC's for its Glacier Federal SWD #1 well. However, the protest was received later than 15 days from when the applications was administratively complete. Therefore, the protest has been deemed untimely and will not be recognized.

Thanks and let me know if you have any questions.

Regards,

Dylan Rose-Coss
