Subject: RE: Question on amending C-108 location per BLM onsite inspection...

Ben,

For this application please re-notice the affected parties regarding the location change and supply the Division with the proof of notice once accomplished.

Thanks,

Dylan Rose-Coss

Subject: [EXT] Question on amending C-108 location per BLM onsite inspection...

Engineer Staff,

We recently conducted the BLM onsite inspection for several Trove SWD prospects. The WLC South Fed #1 needed to move approximately 400 feet for various reasons (described in attachment). Since there's no actual guidance about how to amend a C-108 and it depends on case-by-case circumstances, I'd like to ask what else I may need to do for this one.

Please note that while the adjustment seems large, 1) it changes nothing in the AOR, 2) the affected parties are unchanged and 3) it was recommended and approved by BLM inspectors.

Please review the attachment and let me know at your earliest convenience if any additional actions are required.

Thank you,
Ben
