Re: Application of Devon Energy Production, LP, for administrative approval of an unorthodox well location for its Thoroughbred 10-3 Fed #712H Well in the E/2 W/2 of Sections 3 and 10, Township 26 South, Range 31 East, N.M.P.M., Eddy County, New Mexico.

Dear Ms. Sandoval:

Devon Energy Production, LP ("Devon") (OGRID No. 6137) seeks administrative approval of an unorthodox well location for its **Thoroughbred 10-3 Fed #712H Well** (API No. 30-015-46506) to be completed within the Purple Sage Wolfcamp Pool (98220) underlying the E/2 W/2 of Sections 3 and 10, Township 26 South, Range 31 East, N.M.P.M., Eddy County, New Mexico.

This well will be drilled from a surface location 220 feet from the south line and 1470 feet from the west line (Unit N) of Section 10 to a bottom hole location 20 feet from the north line and 1650 feet from the west line (Unit C) of Section 3. The first take point will be located 330 feet from the south line and 1650 feet from the west line (Unit N) of Section 10, and the last take point will be 100 feet from the north line and 1650 feet from the west line (Unit C) of Section 3.

Pursuant to Division Order R-14262, this acreage is governed by the Special Rules for the Purple Sage-Wolfcamp Gas Pool which provide for wells in the Wolfcamp formation in Eddy County to be located no closer than 330 feet to the outer boundary of the spacing unit. The completed interval for the **Thoroughbred 10-3 Fed #712H Well** will be unorthodox because it is closer than 330 feet to the northern boundary of the spacing unit in Section 3. Approval of the unorthodox completed interval will allow Devon to use its preferred well spacing plan for horizontal wells in this area and thereby prevent waste.

Exhibit A is a Well Location and Acreage Dedication Plat (Form C-102), which shows that the completed interval of the proposed **Thoroughbred 10-3 Fed #712H Well** encroaches on the drilling and spacing unit to the north in **Section 34, Township 25 South, Range 31 East**.

Exhibit B is a land plat for Sections 3 and 10 that shows the proposed **Thoroughbred 10-3 Fed #712H Well** in relation to the adjoining spacing unit to the north in Section 34, Township 25 South, Range 31 East.

Ownership is diverse between the subject spacing unit and the spacing unit to the north. XTO Energy Inc. and the Bureau of Land Management are the only affected persons. **Exhibit C** reflects that a copy of this application with all attachments has been sent by certified mail to each affected person advising that any objections must be filed in writing with the Division within 20 days from the date the Division receives the application.

Exhibit D is a statement from a Devon's petroleum engineer confirming that Devon's requested unorthodox location is necessary to optimize well spacing, thereby preventing waste.

Your attention to this matter is appreciated.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kaitlyn Luck", written over a horizontal line.

Devon Energy Production Company, L.P.
333 West Sheridan Avenue
Oklahoma City, OK 73102

July 6, 2020

Mr. Leonard Lowe
New Mexico Oil Conservation Division
1220 South Francis Drive
Santa Fe, New Mexico 87505

RE: Application for Nonstandard Locations
Engineering Statement
Devon Energy Production Company, L.P.
Thoroughbred 10-3 Fed Com 621H, 623H, 711H, 712H, 713H, 714H, 733H, 732H &
734H wells Sections 10 & 3-26S-31E
Eddy County, New Mexico

Dear Mr. Lowe:

Devon Energy Production Company, L.P. respectfully requests administrative approval of a non-standard location for each of the Thoroughbred wells referenced above by decreasing the last take point(s) from 330 feet to 100 feet from the horizontal plane outer boundary. The wells are located in the Purple Sage-Wolfcamp Gas Pool (Pool Code 98220). It is Devon's responsibility as a prudent operator to maximize lateral length and to minimize reserves left in the ground. Decreasing the last take point will increase the wells effective lateral length by 230 feet thereby increasing ultimate recovery of reserves and preventing waste of natural resources.

Sincerely,

A handwritten signature in black ink that reads "Paige Bowes". The signature is written in a cursive, flowing style.

Paige Bowes
Reservoir Engineer
