Mr. Dean McClure

**Re: Application of FAE II Operating, LLC for Administrative Approval to Surface Commingle and Sell Gas Production from the Langlie Mattix 7 Rivers Oil and Gas Pool for the Terra Carlson #1 and Terra Carlson B #1 wells at the Carlson #5 Tank Battery located in Unit H, Sec. 26, T-25S, R-37E, Lea County, New Mexico**

Dear Mr. McClure:

FAE II Operating LLC, OGRID: 329326, requests administrative approval for surface commingling of gas production for its Carlson and Terra Carlson leases located in Section 26 of Township 25S, Range 37E as shown on the map in Exhibit A. The two separate leases are also identified by outline and legend. Exhibit B offers further detail on the relevant leases and wells.

The attached battery diagrams, Exhibits C and D, are accurate schematics of the current facility and the proposed commingled facility, respectively. A new 2-inch gas flowline will be laid from each of the Terra Carlson wells and tie in to the suction side of the compressor at the Carlson #5 CTB. Each of the Terra Carlson wells will have a gas orifice (allocation) meter manufactured and assembled in accordance with American Gas Association specifications. The Carlson #5 gas production will be determined by subtracting the metered wells from the total production measured at the lease custody transfer meter.

After a review of internal records, the interest owners are not identical for the wells mentioned above. As such, we have notified all relevant parties of our intent to commingle production (see attached letter). The working, royalty, and overriding royalty interest owners as shown in Exhibit E have been notified of this application by certified mail. Copies of the certified mail receipts are attached as Exhibit F.

This proposed commingling of production is in the interest of conservation and will not result in reduced royalty or improper measurement of production. If there are further questions concerning this application, please feel free to contact the undersigned by email at [kevin@faenergyus.com](mailto:kevin@faenergyus.com) or by telephone at (832) 220-9188.

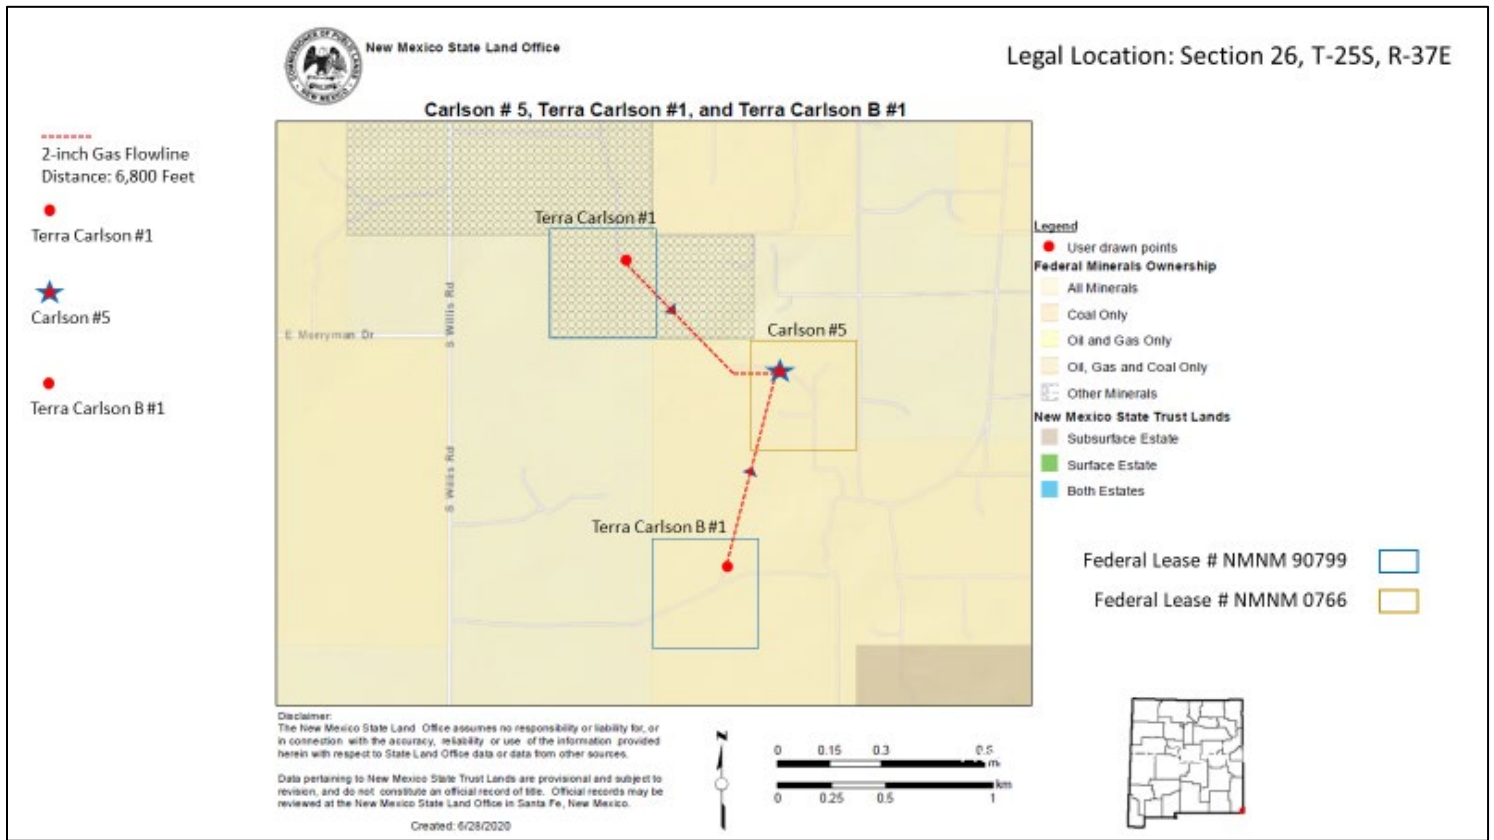

Very truly yours,

**FAE II Operating, LLC**
