---

Hello Ms. Luck,

Everything looks to be in order. Provided no protests are received, I will draft a recommendation to the Director that a permit be issued for this commingling project once the notice period has expired.

Mr. McClure,

Tap Rock appreciates the advisement as to the notices below.

Attached please find proof that Tap Rock has published supplemental notice of this application in the newspaper of the county where the surface commingle is to be located to effectuate notice upon these affected persons. The publication occurred on September 9, 2020, and the 20-day notice period will expire on September 29, 2020.

For that reason, Tap Rock requests the Division issue an order at the conclusion of the 20-day period on **September 29, 2020**.

If the Division requires anything further, please do let us know. We appreciate your consideration.

Best,

Kaitlyn
