RE: Munoz SWD No.1 (API 30-15-33518; Admin. Appl. No pBL2029342480) Lot 1 S1 T23S R27E, NMPPM, Eddy County

Mr. Alleman,

The OCD was notified by Matador Resources that they are protesting this application. This party has been identified as an affected person for the location being considered. Because of the protest, the application can no longer be reviewed administratively. You are being notified that for this application to be considered, Anthem Water Solutions, LLC, currently has two options; the first is to go to hearing, the second is to negotiate a resolution with the protesting party. If the protest is withdrawn, then the application can be reviewed administratively. In the meantime, the application will be retained pending a hearing or other resolution. Please continue to provide OCD with information regarding the standing of this application and feel free to call me with any questions.

All: Marathon Oil was forwarded a copy of the attached application. Marathon objects to this application and noted a few concerns. The basis of Marathon's objection is that the planned SWD would impact Marathon's correlative rights and development plans in the adjoining sections. Marathon also noted that the applicant does not appear to have an OGRID Number and further notes that Marathon did not receive proper notice of the application.

I would be happy to discuss any of these concerns with the applicant.

Thanks!  
Jennifer
