**Subject:** On Hold, surface commingling application PLC-571-A  
**Date:** Thursday, November 5, 2020 10:32:00 AM

---

Hello Ms. Cherry,

The NMOCD is now placing the surface commingling application for the Remuda 500 Tank Battery (PLC-571-A) operated by XTO Energy, Inc. (5380) on hold until the earlier of either four months or the communitization agreement packets have been prepared and submitted.
