NMOCD has issued Administrative Order IPI-527-A which authorizes Forty Acres Energy, LLC (371416) to increase the max allowable surface pressure of the West Eumont Unit #218 (30-025-45484) to 1841 psi while the down hole configuration stays consistent with that portrayed by the application.

The administrative order is attached to this email and can also be found online at OCD Imaging.

Please review the content of the order to ensure you are familiar with the authorities granted and any conditions of approval.
