**Importance:** High

Mr. Stan Wagner,

In addition to the NSL application encroachment towards the north, in reference to the First Take Point, it was also determined that you are 314 feet from the Eastern Edge. Purple Sage requires a 330 feet set back, you are 16 feet too close towards the east.

Please provide notice to all areas that you are encroaching upon.

This Application will be cancelled until proper notice is done. Or given reason for not providing notice towards the eastern edge.
