Subject: [EXTERNAL] SWD APPLICATION

CAUTION: This email originated outside of our organization. Exercise caution prior to clicking on links or opening attachments.

Mewbourne Oil has recently submitted six SWD applications for administrative approval and we believe that all the applications are complete after we provided you proof of notice to all affected parties. Protests have been submitted on all six applications therefore I would like to give you a resolution status update.

ConocoPhillips / COG Operating has dropped their protest on the Boomerang 6 Fee SWD (SWD-2442) therefore we desire to proceed through the administrative approval process. This is our top priority application. Please review our application and notify us if you need any further information.

Please also note that we have decided to withdraw our Low Ball 4 SWD (SWD-2445) application.

We continue to hold discussions with the protesting parties on the remaining applications and I will provide you an update in the coming weeks.

Please contact me if you have any questions. Thanks.

MEWBOURNE OIL COMPANY
