Mr. Lowe,

Thank you for following up regarding this NSL application. Titus has determined that this well will be completed with a standard setback for the last take point and therefore no longer needs approval of this NSL application. Please let me know if you need anything else from me with respect to this application. Your help throughout has been much appreciated.

Best,  
Sharon

Ms. Shaheen,

Good afternoon,

Per our last conversation on the NSL application for Titus Oil & Gas Production, LLC can you send me the following.

1. A letter indicating a history of the scenario for this well, pertaining to the Case. The determining factors of the approved Hearing Order. Request that that OCD approve the NSL as was initially submitted on March 5<sup>th</sup>, 2021. Reference the Hearing Order Number and the Case No.
2. Note if there were any changes made that have resulted in the change of the NSL application. If not, state so.

I will attach that letter to the previously submitted NSL application.

Send that letter to me via e-mail.

Thank you,

**Leonard R. Lowe**
