**Importance:** High

Mr. McQueen,

Re: SD application for the Night Owl AFA State Com Well No. 2

The application indicated that IACX Production, LLC is the only offsetting operator and noted that no notice was required.

If IACX is 100% working interest in all of the affected tracts, that needs to be stated as so by a letter written by IACX's landman. That letter should be within the SD application.

Please verify, if IACX is a 100% Working Interest. If so, please submit a letter from IACX's land stating so.

If IACX is NOT 100% working interest in the affected tracts, then IACX will need to provide notice to the Working Interest in those tracts.

**“19.15.2.7 DEFINITIONS**

**(8) “Affected persons”** means the following persons owning interests in a spacing unit or other identified tract:

**(a) the operator**, as shown in division records, of a well on the tract, or, if the tract is included in a division-approved or federal unit, the designated unit operator;

**(b) in the absence of an operator**, or with respect to an application wherein the operator of the spacing unit or identified tract is the applicant, each **working interest owner** whose interest is evidenced by a written conveyance document either of record or known to the applicant as of the date the applicant files the application;”
