Mr. Brooks,

I hate to be the bearer of bad news, but Order No. NSL-5397-B needs to be corrected. In Paragraph No. 1 on Page 2 you cited the bottomhole location as 1420 feet from the South line and 2475 feet from the East line. This is actually the surface location. The bottomhole location is **1432 feet from the South line and 2563 feet from the East line.**

If I can be of any assistance, please let me know.

Thanks,

David
