Mike,

Tetra Tech is preparing to start the soil remediation on the above reference site on Thursday (9-22-11). The excavation equipment will be moved onsite on Wednesday and the lines near the proposed excavation area will be hand spotted. The soil remediation will be performed according to the submitted work plan. Tetra Tech will also notify you during each phase of the remediation project for inspection of the site. We will notify you on any schedule changes or delays on the project. Let me know if you need additional information, thanks
