**Subject:** Remediation Plan (1R-102) Termination - Plains LF-37 Release Site

**RE: Annual Monitoring Report (2011) for the Plains Marketing's  
LF-37 Release Site  
Unit I, Section 19, T19S, R37E, NMPM, Lea County, New Mexico  
Remediation Plan (1R-102) Termination**

Dear Mr. Henry:

The New Mexico Oil Conservation Division (OCD) has received Plains' report (including a request for site closure) regarding the above-referenced site (dated April 2012). The report is acceptable to the OCD. Please submit to the OCD a final plugging report for groundwater monitoring wells (MW-2, MW-3, MW-4, MW-5, MW-6, MW-8, and MW-9) at the site within 90 days of receipt of this notice.

The above-referenced report, submitted in accordance with 19.15.29 NMAC (Rule 29; formally, Rule 116), indicates that Plains has met the requirements of 19.15.29 NMAC; therefore, the OCD approves the report and hereby notifies you that the remediation plan (1R-102) is terminated in accordance with 19.15.29 NMAC.

Please be advised that OCD approval of this report does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

If you have any questions regarding this matter, please contact me at 505-476-3489.

**Subject:** Anticipated Actions Approval (1R-102) - Plains LF-37 Release Site

**RE: Annual Monitoring Report (2010) for the Plains Marketing's  
LF-37 Release Site (1R-102)  
Unit I, Section 19, T19S, R37E, NMPM, Lea County, New Mexico  
Anticipated Actions Approval**

Dear Mr. Henry:

The New Mexico Oil Conservation Division (OCD) has received Plains' report (including proposed "Anticipated Actions") the above-referenced site (dated April 2011). The above-referenced report, submitted in partial fulfillment of 19.15.29 NMAC (Rule 29, formally, Rule 116), indicates that Plains has partially met the requirements of 19.15.29 NMAC for this site. Therefore, the OCD hereby conditionally approves the Anticipated Actions for the LF-37 Release Site:

Plains must sample on a semi-annual basis for BTEXs in groundwater monitoring well, MW-5.

Please be advised that OCD approval of this report does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

Thank you for your cooperation in this matter. If you have any questions regarding this matter, please contact at 505-476-3489.
