Mike,

Tetra Tech is preparing to start the soil remediation on the above reference site on Thursday (12-8-11). The excavation equipment will be moved onsite on Thursday and any lines near the proposed excavation areas will be hand spotted in the morning. The proposed excavation will start in the afternoon Thursday. The soil remediation will be performed according to the submitted work plan. Tetra Tech will also notify you during each phase of the remediation project for inspection of the site. We will notify you on any schedule changes or delays on the project. Let me know if you need additional information, thanks
