Bob,

Thank you for the notification. It is not a problem on this end, sorry you had to re-sample.

Mike,

Remediation proposal was due on 10/21/2011, I had sampled the release area on 10/4/2011, delivered to Xenco 10/14/2011, but Xenco did not run the samples and the hold time expired. I have since resampled and those samples are currently at Xenco. As soon as I receive the analytical reports I will submit a work plan for further remediation work or request sample acceptance. I apologize for the delay.

Thank you.
