Dear Mr. Henry:

The New Mexico Oil Conservation Division (OCD) has received Plains' report and request to close the above-referenced site, dated March 22, 2012 (received March 26, 2012) and subsequent monitoring data (received March 29, 2012). The report is acceptable to the OCD.

The above-referenced report, submitted in accordance with 19.15.29 NMAC (Rule 29; formally, Rule 116), indicates that Plains has met the requirements of 19.15.29 NMAC; therefore, the OCD approves the report and hereby notifies you that the remediation plan (1R-951) is terminated in accordance with 19.15.29 NMAC. However, please submit documentation of re-seeding within 30 days of re-seeding the site.

Please be advised that OCD approval of this report does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment.
