Re: Request to amend Division Administrative Order NSL-4855(SD)

Dear Mr. Stogner:

The above order approved an unorthodox oil well location (and simultaneous dedication) in the Teague Paddock-Blinebry Pool for the following well:

<u>Well:</u>	E.C. Hill "C" Well No. 4	30-025-36240
<u>Location:</u>	1260 feet FSL & 990 feet FWL	
<u>Well unit:</u>	SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 27, Township 23 South, Range 37 East, N.M.P.M., Lea County, New Mexico	

Pursuant to Division Rule 104.F(2), Arch Petroleum Inc. applies to amend the order and for approval of an unorthodox oil well location in both the (wildcat) Grayburg formation and Langlie-Mattix Pool. The formations are both spaced on statewide rules, with 40 acre spacing, and wells to be located no closer than 330 feet to a quarter-quarter section line. The original Form C-102 for the well is attached as Exhibit A.

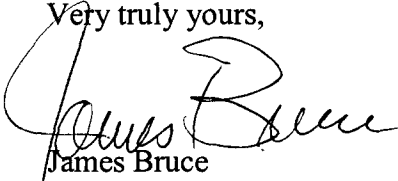

The well was drilled to the Paddock-Blinebry in 2003, and produced from that zone. It has been recompleted to the Grayburg. However, applicant intends at some point to complete the well in the Langlie-Mattix Pool, so approval is also requested for that zone.

Attached as Exhibit B is a land plat. The well is located on a fee lease which covers the W $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 27. Therefore, the location is interior to the well unit, there is no adversely

affected offset, and notice has not been given to anyone. (The offsetting lease, the E.C. Hill "B" lease, covers the E $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 27, so the well is not encroaching on that acreage.)

Please contact me if you need any further information on this application.

Very truly yours,

James Bruce

Attorney for Arch Petroleum Inc.
