Steve,

I do not have an electronic copy and our scanner is in use, likely for the rest of the day. It will be imaged to OCD Online as soon as possible.

Mike,

The closure report is not available on the NMOCD web site. Could you possibly scan and email or fax me a copy of that report?

Gentlemen,

I'm contacting you concerning the release of salt water and crude oil referenced on the attached Release Notification and Correction Action Form C-141. We are working with Devon to obtain the right to drill on Section 15 where the release occurred and need more information concerning the current state of this release in order to accurately address it in the contracts between Mewbourne and Devon. Any help or direction you can provide will be appreciated.

Thank you in advance.
