Holder CB Federal Tank Battery
Section 17, T17S, R30E, Unit E
Eddy County, NM
32 50.138 103 59.951

Mike and Terry,

Tetra Tech will be sampling the spill sites listed above next week. The BKU Central Tank Battery will be assess on Tuesday (12-20-11). If the BKU is completed that day, the RJ Unit #134 and the Holder CB Federal Tank Battery will follow on Wednesday (12-21-11) and Thursday (12-22-11). Soil samples will be collected using a hand auger to delineate the spill area. Based on the results, a work plan will be prepared to remediate the spill. We will call you on any schedule changes on the projects. Call me if you have any questions, thanks
