**Subject:** RE: HACKBERRY 18 FEDERAL NO 1

Dear Ms. Gregston,

Thank you for granting approval for the backfilling of excavated areas located at the Hackberry 18 Federal No.1. Talon/LPE is currently excavating and transporting the reserve pit material to a depth of 2-feet below ground surface, the excavation is est. to be completed by the first part of next week. Talon/LPE will then provide the BLM notification to witness the installation of a 20 Mil. liner over the drilling pit area.

Mr. Stubblefield,

I have received your lab analysis. Soil samples are below closure levels and BLM approves backfilling the location according to the Conditions of Approval attached to the original cleanup plan.

Let me know when the reserve pit excavation is complete so that an onsite can be scheduled prior to backfilling.

Dear Ms. Gregston,

Talon/LPE is sending the analytical results for the soil samples collected on 5/21/2012 at the Devon Energy Corporation Hackberry 18 Federal No.1. The soil samples were collected after additional excavation was completed at the soil sample locations. Based upon the analytical results dated 5/4/2012 and 5/23/2012, Devon Energy Corporation is requesting approval to start the backfilling of the excavated areas located at the Hackberry 18 Federal No.1. If further information is required please contact me.
