Subject: Anticipated Actions Approval (2011 Report) (AP-016) - Plains Bob Durham Release Site

**RE: Annual Monitoring Report (2011) for the Plains Marketing's
Bob Durham Release Site (AP-016)
Unit D, Section 32, T19S, R37E, NMPM, Lea County, New Mexico
Anticipated Actions Approval**

Dear Mr. Henry:

The New Mexico Oil Conservation Division (OCD) has received Plains' report (including proposed "Anticipated Actions") the above-referenced site (dated March 2012). The above-referenced report, submitted in partial fulfillment of 19.15.30.19 NMAC (Rule 30.19, formally, Rule 19.K), indicates that Plains has partially met the requirements of 19.15.30.9 NMAC for this site. Therefore, the OCD hereby conditionally approves the Anticipated Actions for the Bob Durham Release Site:

Plains must revert to quarterly sampling at each respective groundwater monitoring well(s) if any of the future BTEX monitoring results indicate a standard exceedance in the respective well(s) at the Bob Durham Release Site.

Please be advised that OCD approval of this report does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

Thank you for your cooperation in this matter. If you have any questions regarding this matter, please contact at 505-476-3489.

Edward J. Hansen
