Amanda,

Continue to work with Mike thru the delineation process. Once the site is excavated and cleaned up, notify myself for a final check prior to closure. Closure that meets OCDs guidelines will suffice with the condition we'll be able to reestablish the native plant community upon completion. Keep me informed. thanks

Subject: (Release) Anemome ANE Federal #2

Mr. Bratcher:

Anemome ANE Federal #2

Section 9, Township 22 South, Range 23 East

Eddy County

Date of Release: 4/22/2011

Approximately 22 Barrels of PW released and 20 barrels of PW
recovered

All fluids were contained within the berm. And vacuum trucks are on site.

Cause of release has been isolated and repairs are in progress.

C-141 attached.

If you should have any questions please feel free to contact me at the number below
