Dear Mr. Gottberg:

Reference is made to your recent request to downhole commingle production in 29 wells in your Jicarilla Lease, and the resulting order. My staff has reviewed your request and found 6 of the wells to meet all the criteria for such administrative approval. However, information on the remaining 23 wells did not contain sufficient bottom hole pressure data to satisfy this criteria.

If my staff may be of assistance in this matter, please contact Ben Stone at (505)827-8186.

Very truly yours,
