Re: Unorthodox Location - Deer Canyon Federal "8" #1-Y
624' FWL & 1317' FSL, Section 8, T-20S, R-21E
Eddy County, New Mexico

Dear Mr. Golden:

Attached is an application to the New Mexico Oil Conservation Division requesting approval for an unorthodox location for the captioned well.

This was necessitated due to the loss of the original hole which was spudded at a legal location some 49' to the northeast. Due to topography, we could only skid the rig to the southwest.

If you have no objections to the application, please sign below and return one signed letter to Michael Stogner, Oil Conservation Division and one signed letter to Purvis Operating Co. in the self-addressed stamped envelopes.

Very truly yours,

Donnie E. Brown, PE
