Subject: Non Standard Locations

Attachments:

Mr. Stogner,

McKay Oil Corporation submitted a NSL for the Samantha B Federal #1 on March 30th, however due to insufficient information on McKay's part we re-submitted on May 20th, 2005. If possible, would you please notify me if this location has been approved. I have yet to receive information.

McKay Oil Corporation has also submitted NSL's for the Four Mile Draw B Federal #8 and the Lookout B Federal #5 on the 19th of July (very recent). We hope to hear back from you on these 2 wells as well in the near future.

Thanks for all you do!

Thanks,
April McKay
