**Attachments:**

Mr Stogner,

A NSL request has been sent for the Karlsbad Corral 2 Well #4-H location.

If possible we would like a expeditiously answer to our request for the following reasons:

A window has been offered for a Nabors drilling rig from EOG Resources. This rig is available in 7- 10 days.

The mineral rights to the South, in the adjoining Section 11, were farmed out to Southwestern Energy from EOG Resources, therefore we are the adjacent lease hold owner.

If you need any further information, I can be contacted any of the below numbers.

Regards,  
Alan
