**Subject:** Unit Petr. Company's proposed Monte Carlo Fed. Com. #1  
**Attachments:**

Mr. Bruce:

I have reviewed your application for Unit Petroleum Company's proposed Monte Carlo Federal Com. Well No. 1. The "*Special Rules and Regulations for the Atoka-Pennsylvanian Gas Pool*," as promulgated by Division Order No. R-8170, as amended, provide for (i) 320-acre spacing and proration units comprising two contiguous quarter sections within a single governmental section being a legal subdivision of the U. S. Public Land Surveys; and (ii) for wells to be located in the northwest quarter or the southeast quarter of the section and shall be located no nearer than 990 feet to the outer boundary of the quarter section nor nearer than 330 feet to any governmental quarter-quarter section line.

Notice to all effected offsetting interests (all sides) under Division Rule 1207.A (2) is therefore required before I can act on your application. Please submit proof of notice and a land plan that shows all effected lands by the end of the month.

Also, please provide me a copy of Unit's proposed directional drilling plan for this well.  
Thanks.

**Attachments:**

Mike: I have a landman working on identifying offset working interest owners in the adjoining acreage. However, I will be on vacation through Tuesday (9/30), so I will mail out the additional required notice as soon as I return. I will not get it out by the deadline you set.

Jim Bruce
