| Frontier shut in sales line to complete maintenance at Maljamar Gas Plant, flared for 24 hours and Frontier line was back online at 07:00AM on 11/15/12.   |   |   |                       |                            |                  |
| Describe Area Affected and Cleanup Action Taken.*  |   |   |                       |                            |                  |
| Shut in wells to minimize flaring. Stayed in close contact with frontier so we stopped flaring as soon as they are able to accept our gas in the sales line.   |   |   |                       |                            |                  |
| I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations. |   |   |                       |                            |                  |

**Subject:** Final C141 report for flaring at SKU 907 on 11/14/12 - 11/15/12  
**Attachments:** 20121114 C-141 Skelly 907 Bty Flare Final.PDF

Mr. Bratcher,

Here is the final C-141 for the flaring that occurred at our SKU 907 Battery on 11/14/12 – 11/15/12 due to Southern Union Shutting us in to complete maintenance.

Regards,

**David A. Pagano**
