The Werta Federal Well No. 1 is currently producing only from the Blinebry. Wells Nos. 2 and 3 are producing from all three pools, and production is being commingled in the wellbores pursuant to existing Downhole Commingling authority.

The commingled gas production shall be measured and sold at the central delivery point located in the Unit O of Section 35, and will be allocated back to the respective wells based on periodic well tests. Downhole commingled production within Wells Nos. 2 and 3 will be allocated between pools as provided in Orders DHC-508 and DHC-509 respectively.

The operator shall notify the transporter of this commingling authority.

The operator shall notify the Hobbs district office of the Division upon commencement of commingling operations.

This approval is subject to like approval from the United States Bureau of Land Management before commencement of the commingling operations.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jami Bailey", is written over a horizontal line.
