NATURE OF RELEASE

Type of Release	Produced water	Volume of Release	20bbls	Volume Recovered	18bbls
Source of Release	Fire tube	Date and Hour of Occurrence	03-06-2013	Date and Hour of Discovery	03-06-2013 10:30am
Was Immediate Notice Given?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No <input checked="" type="checkbox"/> Not Required				
By Whom?	If YES, To Whom?				
Was a Watercourse Reached?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No				
Date and Hour					
If YES, Volume Impacting the Watercourse.					

If a Watercourse was Impacted, Describe Fully.*

Describe Cause of Problem and Remedial Action Taken.*

The fire tube on the heater treater developed a hole due to corrosion. Fire tube has been replaced.

Describe Area Affected and Cleanup Action Taken.*

Initially 20bbls of produced water were released from a hole in the fire tube on the heater treater inside the facility. We were able to recover 18bbls with a vacuum truck. The release was completely contained inside the lined facility walls of the tank battery. All free fluid has been recovered. Any contaminated gravel has been removed and we have replaced with fresh gravel as necessary. The facility has been returned to its prior condition.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
