DIVISION**

Dear Mr. Jones:

XTO Energy Inc. applied for DHC permit for the Basin Dakota/Basin Mancos and received approved permit DHC-3430 on April 21, 2005. Mr. Steve Hayden of the NMOCD Aztec Field Office recommended that we request that DHC-3430 be cancelled.

Our amended application is for the Basin Dakota /Angel Peak Gallup and in the pre-approved pools for New Mexico Downhole Commingling. Steve Hayden will approve our change in application from the Aztec office and assign a new DHC permit number. Notice of change in pools in the DHC application has been sent to the BLM per form 3160-5.

Thank you,
