NMOCD ARTESIA

Describe Cause of Problem and Remedial Action Taken.*

A second perforation was discovered during a full-line inspection related to the repair effort of the previously reported release sent under separate cover on February 4, 2013.

Describe Area Affected and Cleanup Action Taken.*

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

**RE: Form C-141 Report
Gas Loss Reported in the Carlsbad Gathering Field**

Mr. Bratcher:

Pursuant to 29 (19.15.29) NMAC please find enclosed the requisite C-141 Form for the following release found on our B6 Gathering Line in our Carlsbad Gathering Field, Eddy County.

The release was discovered during a full-line inspection associated with the repair of a previously reported leak and blow-down on the same line.

If you have any questions or need more information, please contact Jim Heap by phone at 432-686-5404, by email at jkheap@eprod.com or me at 713-318-6684

Regards,

Matthew E. Marra
Senior Director, Environmental
