Describe Cause of Problem and Remedial Action Taken.* An unknown person opened the truck load line valve and emptied the entire contents of the produced water tank. The valve was shut and locked at the tank.														
Describe Area Affected and Cleanup Action Taken.* The release impacted approximately 10,603 sq.ft. of the tank battery pad. A backhoe was used to scrape up the heavily saturated soil the day of discovery. The soil was transported to Lea Lands. The remainder of the remediation will be done in accordance with the NMOCD and BLM remediation guidelines.
