NATURE OF RELEASE

Type of Release: Produced Water	Volume of Release: 18 bbls	Volume Recovered: 15 bbls
Source of Release: 2" Fiberglass line	Date and Hour of Occurrence: 01/27/2014	Date and Hour of Discovery: 01/27/2014
Was Immediate Notice Given? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not Required	If YES, To Whom? Mike Burton-BLM Mike Bratcher- NM OCD	
By Whom? Brian Wall	Date and Hour 01/28/2014 0730	
Was a Watercourse Reached? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.	

If a Watercourse was Impacted, Describe Fully.*:

Describe Cause of Problem and Remedial Action Taken.*: On Monday 1/27/14 Isidro Montez was making his morning rounds and I got a call that Diversified had hit a 2" Fiberglass injection line. Then I closed lateral valve that feeds that line to stop line from leaking. The line had been marked with yellow pin flags. It is the opinion of the operator that he didn't see the line. All liquid and contaminated soil was contained within the area were the clean up was taking place. A vacuum truck sucked up all residual liquid which were hauld off apprx 15bbls.

Describe Area Affected and Cleanup Action Taken.* : Affected area is apprx 20'X20'. The spill was a fault of the contactor digging nearby. One call was turned in and Linn clearly marked site. Contractor is responsible for cleanup and cost.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
