Subject: RE: SM Energy - Osage Fed 34 1H Work Plan

Tom,

OCD concurs with BLM approval of this work plan. Please provide the same notifications to OCD also.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Tom,

The BLM is approving this work plan subject to OCD approval. In addition the BLM will need notification when the work commences, and prior to closure of the site. As for the misted area to the south this will need to be monitored. If any questions, please get back to me. Thanks

Mike and Jim,

Please find the enclosed Work Plan for the above reference spill site located in Eddy County, New Mexico. The work plan includes the soil assessment and remedial recommendations for the spill. I will mail you a hard copy of the work plan for your files. Once approved, Tetra Tech will schedule the

soil remediation and notify you prior to implementing the work plan. Please let me or Ike Tavaréz know if you need additional information.

Thanks,
