### NATURE OF RELEASE

Type of Release	rainwater flowed of location w/ salt	Volume of Release	unknown	Volume Recovered	0
Source of Release	Rainstorm	Date and Hour of Occurrence	5/23 TO 5/25	Date and Hour of Discovery	5-23 to 5-25
Was Immediate Notice Given?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No <input type="checkbox"/> Not Required	If YES, To Whom?			
By Whom?	Date and Hour				
Was a Watercourse Reached?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.			
If a Watercourse was Impacted, Describe Fully.*					
Describe Cause of Problem and Remedial Action Taken.* On Friday May 23, 2014 Eddy county got hit with a heavy rainstorm with flash floods, golf ball size hail. Our county was in the flash flood warning and heavy rainfall affect until Sunday May 25, 2014.					
Describe Area Affected and Cleanup Action Taken.* Pyote Water Solutions had a crew out on May 28, 2014. Removed rain water, used Vac truck to suck out rain water out of containment, on which we hauled off location. Used backhoe and brought in dump truck to replace chalice and rock. Rebuilding containment around it and starting reclamation as well.					
I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Hello Mike,

Let me know on this form if it is correctly filled out. I did my best on it, (I think). I tried to get ahold of Sheldon at Talon, but him and the other two people that do the soil sampling were at the same location today per the receptionist. I left him a message and I also emailed him to get someone out there ASAP. I sent along the C141 form to him as well. I will get with you tomorrow when I hear back from Sheldon at Talon.

Good morning Mike,

Just spoke to Sheldon from Talon, He will be there after lunch to do soil sampling at the Fanning. Usually takes up to 2 weeks to get sample back.

Thank you,

*Audra L Burton*

Good Morning Audra,

This will work fine. I know Talon ( and everyone else in the oil patch) is pretty busy, but I bet they can get someone on it pretty quick.

Thanks,

Mike Bratcher
