NATURE OF RELEASE

Type of Release: Crude Oil	Volume of Release: 10 bbls.	Volume Recovered: 5 bbls.
Source of Release: Air eliminator on the circulating pump.	Date and Hour of Occurrence: Date 1/12/14 Time unknown	Date and Hour of Discovery: 1/13/14 at approximately 8:00 a.m. <i>14:30</i>
Was Immediate Notice Given? <input type="checkbox"/> Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> Not Required	If YES, To Whom?	
By Whom?	Date and Hour	
Was a Watercourse Reached? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.	
If a Watercourse was Impacted, Describe Fully.*		
Describe Cause of Problem and Remedial Action Taken.* The air eliminator on the circulating pump failed to close properly spilling crude oil into the containment around the pump then overflowing the containment onto the ground. The air eliminator was replaced. <i>sc</i>		
Describe Area Affected and Cleanup Action Taken.* The spill affected approximately 580 sq.ft. around the tank battery process equipment and lines. All of the free standing fluid was recovered and placed back into the tanks. The tanks are in 0 perm containment, the process area has earthen firewalls. The entire spill was contained with the bermed area. DFSI environmental group responded to the spill on 1/13/14 and started removing the impacted soil; the area was excavated and sampled. DFSI will be developing the final remediation plan or closure request. <i>14:30</i> The spill area will be cleaned in accordance to the NMOCD guidelines.		
I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
