Lara,
This plan is **not** approved.

Please fully delineate the sample points 2, 4, and 8 to find the bottom of the DRO contamination. Then modify you plan to remove contamination at depths consistent with the BLM closure levels of 1000 ppm cl and DRO.
Thanks

Mike, attached is the Linn H.E. West B #83 – Corrective Action Plan. If you have any questions, please let me know. Otherwise, we await your approval.

Thanks!

Lara Weinheimer
