Ike,

Your proposal for remediation of the above referenced produced fluids release is approved. Please advise in the event the proposed excavation depths are not achieved.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Mike,

Tetra Tech will be onsite tomorrow (1-30-14) to start the proposed remediation on the above referenced site. We may be spotting lines in the morning and excavating the impacted soil in the afternoon. The remediation will be performed according to the submitted work plan. Tetra Tech will also notify you during each phase of the remediation project or any schedule changes or delays on the project. Let me know if you need additional information, thanks
