Illegal dump from unknown party on Devon location. Material dumped was determined to be a combination of drilling mud mixed with an unknown fluid. The unknown material is located 30ft to the Northwest of the wellhead.

**Describe Area Affected and Cleanup Action Taken.\***  
Drilling mud mixed with unknown fluid was illegally dumped on well location. Contents of dump is only on the caliche well pad. Talon has been contacted and will determine what actions need to be taken in order to satisfy appropriate agencies.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
