NM OIL CONSERVATION
ARTESIA DISTRICT
JAN 09 2015
RECEIVED

Describe Cause of Problem and Remedial Action Taken.*

The pipeline relief valve activated and sprayed liquid over the surrounding area. No pipeline or valve damage occurred, so no repair activities were necessary.

Describe Area Affected and Cleanup Action Taken.*

Oversprayed areas will be treated with microblaze or other in-situ techniques. Excavation will be performed on areas where liquids penetrated the ground. Soil sampling will be performed to confirm that remediation actions meet NMOCD remediation levels, and will follow-up with a final C-141 form.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

**RE: Form C-141 Report for Enterprise Field Services LLC
Releases on Carlsbad Area Gathering Lines**

Dear Mr. Bratcher:

Enclosed, please find the required C-141 Form for the pipeline liquid release on our 1003 Line in Eddy County on December 19, 2014. The pipeline relief valve activated and sprayed liquid over the surrounding area. Remediation activities are currently being performed, and a final C-141 form will be submitted when soil sampling results demonstrate that cleanup is satisfactory. This report is sent pursuant to NMAC 19.15.29 requirements for minor releases.

If you have any questions or need additional information, please contact Dina Babinski, our area Environmental Supervisor by phone at 210-528-3824 or via email at djbabinski@eprod.com or Jon Fields, Director of Field Environmental at 713-318-6684.

Regards,

Ivan Zirbes
Sr. Director, Environmental
