Describe Cause of Problem and Remedial Action Taken.* On May 29, 2015 6:30 AM the Cowpens 28 Fed Com 1 was struck by lightning and the tanks caught on fire. Once on location it was discovered that this caused a release of 99bbls produced water into lined containment. The Loco Hills Fire Department, Carlsbad Fire Department and La Huerta Fire Department all responded to the incident and were able to extinguish the fire.		
Describe Area Affected and Cleanup Action Taken.* The location had three tanks and all three tanks were burned no oil was lost and all 99bbls produced water were recovered by vac truck. The liner was checked and no holes were found. The location will be cleaned up and rebuilt.		
I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
