If a Watercourse was Impacted, Describe Fully.*

Describe Cause of Problem and Remedial Action Taken.*

Internal corrosion of the central oil tank caused 50 bbls of oil and 25 bbls of produced water onto the ground. The fluids were not recoverable and the tank was repaired or removed.

Describe Area Affected and Cleanup Action Taken.*

The affected area is approximately 75' x 35' on location inside the firewall. Remediation will be completed according to a remediation plan approved by NMOCD and the BLM.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Subject: Cougar Fed Com #1 Battery

This is to inform you that Oxy Permian had a leak at the Cougar Fed Com #1 Battery on July 28, 2015. Oxy spilled 50 bbls of oil and 25 bbls of produced water due to internal corrosion on the central oil tank. The preliminary report shows the leak measuring approximately 20' x 100' on location. The fluids were not recoverable. The release is located in the NE ¼ of Section 35, T18S, R29E of Eddy County, NM. BBC International will remediate the location at a later date and an initial C-141 will follow. Driving directions: From Carlsbad, go east on the Hobbs Hwy, turn north on NM360 and go to mile marker 15, turn left and go 0.25 mile to location at the end of the road. API# 30-15-29950, GPS coordinates are not available at this time.
