Re: Application of McElvain Energy, Inc. for administrative approval of an unorthodox well location for its EK 29 BS2 Federal Com No. 3H Well in the E/2 W/2 of Section 29, Township 18 South, Range 34 East, N.M.P.M., Lea County, New Mexico.

Dear Mr. Catanach:

McElvain Energy, Inc. (OGRID No. 22044) seeks administrative approval of an unorthodox well location for its **EK 29 BS2 Federal Com No. 3H Well** to be completed within the E-K; Bone Spring Pool (Pool Code 21650) underlying Section 29, Township 18 South, Range 34 East, N.M.P.M., Lea County, New Mexico. This well will be drilled from a surface location 305 feet from the South line and 2155 feet from the West line (Unit N) of Section 29. The first perforation will be located 330 feet from South line and 2153 feet from the West line (Unit N) and the last perforation will be 330 feet from the North line and 1973 feet from the West line of Section 29 (Unit C). The E-K; Bone Spring Pool is governed by the Special Rules as adopted by Division Order R-4981. These Special Rules require 80-acre spacing units and further require that the completed interval for a well be located within 150 feet of the center of the quarter-quarter section. As a result, the completed interval for this proposed well will be unorthodox because it is closer than 510 feet from the northern, southern, and southeastern boundaries of the project area, as well as the W/2 SE/4 of Section 29. Approval of the unorthodox completed interval will allow for efficient spacing of horizontal wells and thereby prevent waste.

Exhibit A is the Well Location and Acreage Dedication Plat (Form C-102), which shows that the completed interval of the proposed **EK 29 BS2 Federal Com No. 3H Well** encroaches on the spacing and proration units to the North, South, and Southeast, as well as the W/2 SE/4 of Section 29.

Exhibit B is a land plat for Section 29 and the surrounding sections that shows the proposed **EK 29 BS2 Federal Com No. 3H Well** in relation to adjoining units and existing wells.

Exhibit C is a list of the parties affected by the encroachment to the North, South, and Southeast, as well as the W/2 SE/4 of Section 29. Each of the parties listed on Exhibit C have been provided notice of this application by certified mail, and has been advised that if they have an objection it must be filed in writing with the Division within 20 days from the date the Division receives this application. In addition, a courtesy copy of this application has been provided to the Bureau of Land Management and to the New Mexico State Land Office.

Your attention to this matter is appreciated.

Sincerely,

A handwritten signature in black ink, appearing to read "Jordan L. Kessler".

Subject: Supplemental notice for McElvain NSL applications

Dear Mr. McMillan,

Pursuant to your instruction, we sent additional notice letters to parties on August 12, 2015, for the wells below. Parties were noticed where the diagonal encroachment by the completed interval was closer than 783 feet. Each party received a notice letter (attached) and a copy of the application requesting an unorthodox location.

The following additional tracts were provided notice of the NSL application:

EK 30 BS2 Fed Com No. 1H:

SW/4 of Section 20

EK 29 BS2 Fed Com No. 3H:

SE/4 of Section 20 and SW/4 of Section 20

EK 29 BS2 Fed Com No. 4H:

SW/4 of Section 20; SE/4 of Section 19

Please see the attached list of parties who were provided notice for each individual well. If you have any additional questions, please feel free to give me a call.

Best,
Jordan
