Dear Mr. Burke:

Pursuant to your letter dated April 17, 1997, and for the reason outlined therein, Division Order No. DHC-1375, which authorized the downhole commingling of the Seven Rivers and San Anders formations within the subject well, is hereby canceled.

Sincerely,

Lori Wrotenbery
Director

Re: Downhole Commingling Order
Order DHC-1375
Littman 8 Federal #1, Unit N,
Section 8, T21S, R38E, Lea
County, New Mexico

Dear Mr. Stone,

Reference is made to our telephone conversation yesterday regarding the captioned order and the change in the Littman 8 Federal #1 well. We have plugged off the Seven Rivers formation in this well and are no longer producing from that zone. Therefore the well is only producing from the San Andres formation. Please cancel the captioned order for this well. We will continue to produce the well from the San Andres formation only and we do not anticipate or intend to produce any hydrocarbons from any other zones in the near future.

Should you have any questions please call me at 915-685-1022.

Very truly yours,
D. K. BOYD Oil and Gas Co., Inc.
