Dear Mr. Stogner:

Burlington Resources is applying for administrative approval of an unorthodox gas well location for the Basin Dakota pool. This application for the referenced location is at the request of the Bureau of Land Management because of extremely rough terrain and therefore to minimize surface disturbance.

Production from the Dakota pool is to be included in a 318.98 acre gas spacing and proration unit for the east half (E/2) in Section 25.

The following attachments are for your review:

- Application for Permit to Drill.
- Completed C-102 at referenced location.
- Offset operators/owners plat
- 7.5 minute topographic map

Three copies of this application are being submitted to offset operators by certified mail with a request that they furnish you with a Waiver of Objection, keep one copy for their files and return one copy to this office. We appreciate your earliest consideration of this application.

We appreciate your earliest consideration of this application.

Sincerely,

Peggy Bradfield
